Eight Years Without Painting

"PITTSBURG, Pa., July 1, 1905.

"STANDARD PAINT CO., 100 William St., New York.

"GENTLEMEN:—The writer put a Ruberoid roof on his father's house some eight years ago. Subsequently he was advised by you to paint it, but did not do so. The roof is still in good condition and we understand that you now make a Ruberoid roof in a red color. If so will you please advise if the red is as good as the grey or black and whether I would dare use it for an open balcony on which we sometimes sit and walk? Also quote me price on four or five squares of the thickest quality. Yours truly,

"C. M. ROBINSON."

Why not profit by this man's experience and use the best? Be sure it's "Ruberoid" and look for the trademark on the under side of the material. For sale only by
